

Mallini Complete Financial Planning LLC (“Together Planning”) is registered with the U.S. Securities and Exchange Commission (“SEC”). We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Together Planning offers investment management and financial planning services to retail investors. Together Planning tailors our investment and financial planning advice to meet our clients' needs and investment objectives. Our financial planning services consist of preparing an initial financial plan and providing subsequent ongoing financial planning support and is offered in conjunction with our investment advisory services or as a standalone service. As part of our portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information at the beginning of our advisory relationship. We use this information to develop a strategy that enables our firm to give you continuous and focused investment management services. We do not require a minimum portfolio value to open an account with us. Together Planning will manage your account on a discretionary or non-discretionary basis. Discretionary authority means that we are authorized to buy and sell securities for your account without your permission. In a non-discretionary relationship, we will make recommendations to you, but you will make the ultimate decision regarding the purchase or sale of investments

We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client’s specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian platform. You can find more detailed information about all of our services by reviewing our Form ADV 2A.

QUESTIONS YOU SHOULD ASK THE FINANCIAL PROFESSIONAL:

- **Given my financial situation, should I choose an investment advisory service? Why or why not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?**

What Fees Will I Pay?

Description of Principal Fees and Costs: Fees charged for our Investment Management Services are charged based on a percentage of assets under management, billed and payable in arrears on a quarterly basis, and calculated based on the balance at the end of the billing period. The maximum annual fee does not exceed 1.50%. Fees charged for standalone financial planning services will be calculated at an hourly rate of \$270 - \$450 per hour based upon the complexity and nature of the engagement. Future financial planning services are billed at the hourly rate. If we provide financial planning in conjunction with investment management services, a fixed or hourly fee may be charged based on the complexity and scope of the engagement and are negotiable or may be waived based on the sole discretion of management. Clients will be sent an invoice for fixed and hourly fee arrangements.

Since we are an investment adviser which charges an asset-based fee, the more assets there are in a retail investor’s advisory account, the more a retail investor will pay in fees, and therefore Together Planning has an incentive to encourage you to increase the assets in your account.

Description of Other Fees and Costs: Together Planning’s advisory fees do not include commissions, transactions fees, account maintenance fees, and other related expenses charged by the custodian or broker to your account. Additionally, products such as ETFs and mutual funds carry internal management fees and other expenses which are disclosed in the product’s prospectus or disclosure document. None of these other fees and costs are paid to Together Planning.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

The fees for investment advisory services are described in further detail in our firm's Form ADV, in particular, [Part 2A brochure](#), Item 5.

QUESTIONS YOU SHOULD ASK THE FINANCIAL PROFESSIONAL:

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What Are Your Legal Obligations to Me When Acting as my Investment Adviser?
How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.

Together Planning also conducts IRA rollovers from 401(k) plans for our clients. It will benefit Together Planning to recommend a rollover or increase the assets managed by Together Planning which constitutes a conflict of interest as the more assets we manage, the more you will pay Together Planning in advisory fees. We mitigate this conflict by discussing all of your options to help you determine the most appropriate choice for you.

QUESTIONS YOU SHOULD ASK THE FINANCIAL PROFESSIONAL:

- **How might your conflicts of interest affect me, and how will you address them?**

Additional Information: For more detailed information regarding conflicts of interest, please see our Form ADV, Part 2A brochure.

How Do Your Financial Professionals Make Money?

Together Planning's financial professionals are paid an hourly rate or a salary and non-cash compensation in the form of employee benefits package. In addition, employees may receive bonus based on the firm's overall performance, subject to management discretion. Together Planning's financial professionals who are also Members (owners) of the firm are compensated by splitting the net profit of the firm. This means that our compensation is tied to the overall success of the firm, and we are incentivized to grow the number of clients we serve.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No, we do not have any legal or disciplinary history to report. Please see Investor.gov/CRS for a free search tool to research Together Planning and our financial professionals.

QUESTIONS YOU SHOULD ASK THE FINANCIAL PROFESSIONAL:

- **As a financial professional, do you have any disciplinary history? If so, for what type of conduct?**

Additional Information

You may find additional information about Together Planning on the SEC's website at www.adviserinfo.sec.gov. Please call us at 352-221-9300 for up-to-date information about our firm and to request a current copy of our relationship summary.

QUESTIONS YOU SHOULD ASK THE FINANCIAL PROFESSIONAL:

- **Who is my primary contact person?**
- **Is he or she a representative of an investment adviser?**
- **Who can I talk to if I have concerns about how this person is treating me?**
